

Presented by KenOxis Technology Pvt. Ltd.

# PRODUCTS WE MANUFACTURE

---

At Kenoxis Technologies, we offer comprehensive electronic manufacturing services designed to transform your concepts into high-performance products. Our state-of-the-art facilities and seasoned experts ensure that each stage of the manufacturing process is executed with precision, efficiency, and unwavering quality.

# DESKTOP ALL IN ONE PC'S

---

Unleash the power of innovation with **Kenoxis All-in-One Desktops** – where elegance meets efficiency. Experience seamless multitasking, stunning visuals, and high-speed performance, all packed into a sleek, space-saving design. Perfect for work, study, and play.

**Kenoxis AIO: Power. Performance. Perfection.**

# DESKTOP PC'S

---

**Kenoxis Desktop PCs – Power Meets Precision.** Experience unmatched performance, speed, and reliability with cutting-edge technology tailored for students, professionals, and gamers alike. From compact minis to powerhouse towers, Kenoxis delivers seamless multitasking, stunning visuals, and future-ready computing.

**Elevate your digital experience with Kenoxis – Built for Excellence. Designed for You.**

Kenoxis – Where Innovation Meets  
Mobility. Work. Play. Create.  
Anywhere. Anytime.

# LAPTOP'S

---

Kenoxis Laptops – Power That Moves  
With You. Sleek, fast, and built for every  
need – whether you're a student, a  
professional, or a gamer. Experience  
lightning-speed performance, stunning  
visuals, and all-day battery life.

# INTERACTIVE PANELS

**Kenoxis Interactive Panels – Revolutionizing Collaboration & Learning.** Experience seamless touch technology, crystal-clear visuals, and smart connectivity for education, business, and creativity. Engage, inspire, and interact like never before with cutting-edge innovation at your fingertips.

**Kenoxis – Where Ideas Come to Life. Touch. Create. Innovate.**

**85 Inches**

Intractive Whiteboard for Education Conference

UHD 4 LCD Display  
120Hz Refresh Rate

20 Points Infrared Touch Screen  
Built-in 1200W, Camera & 8 Array Microphone

**KenOxis**

**5MP**

**Dual Light Audio  
Fixed Mini Bullet  
Camera**

# CCTV CAMERA

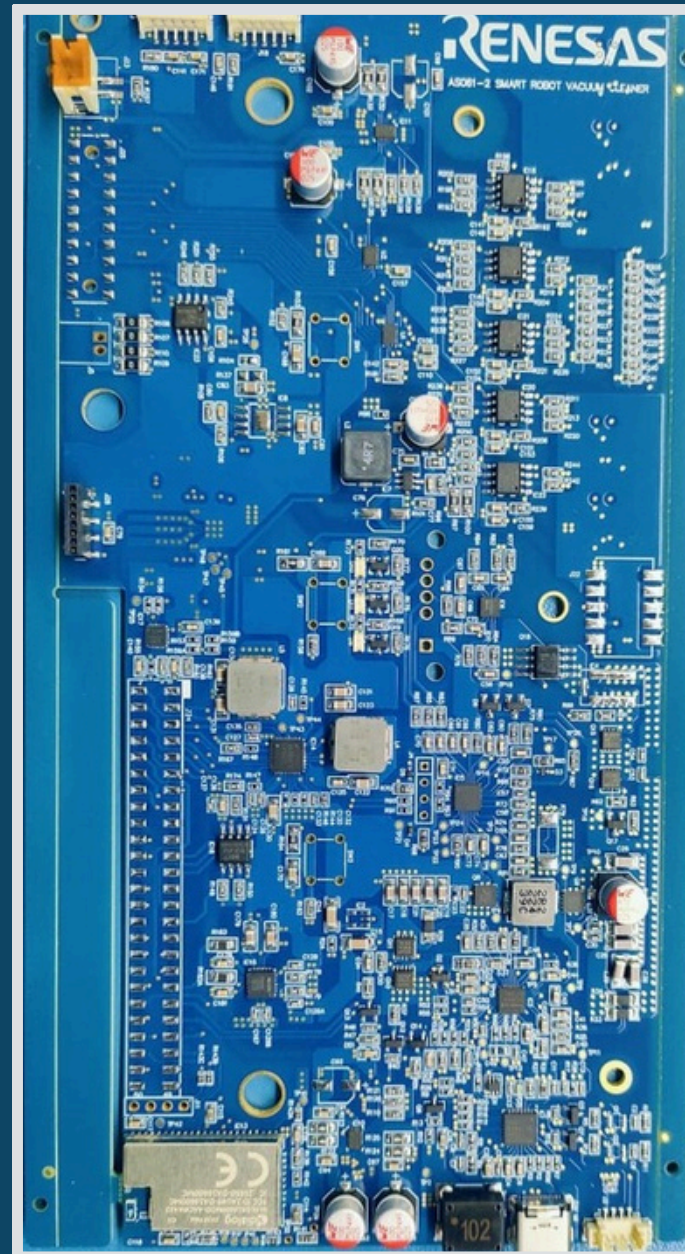

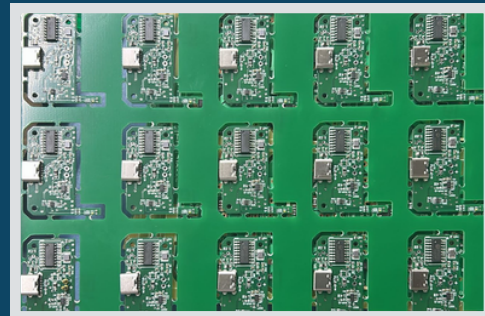

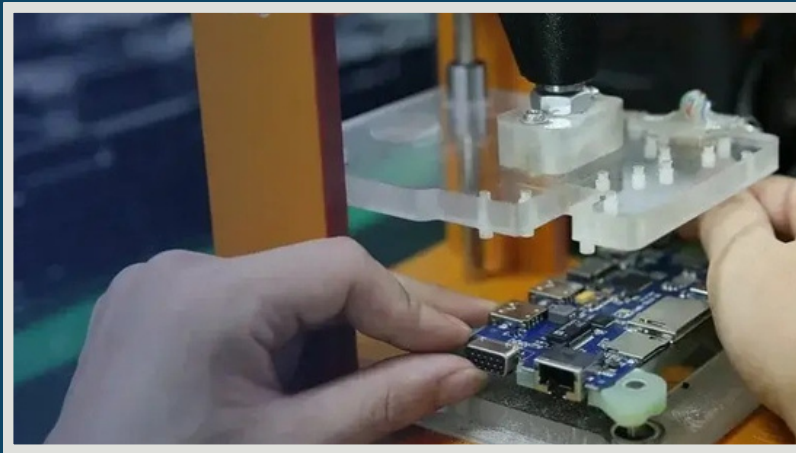

**Kenoxis CCTV Security Cameras – Your Watchful Guardian.**

Advanced surveillance with crystal-clear imaging, night vision, and smart motion detection to keep your home and business secure. Stay connected, stay protected.

**Kenoxis Security: Smart. Reliable.  
Uncompromising Protection, 24/7.**

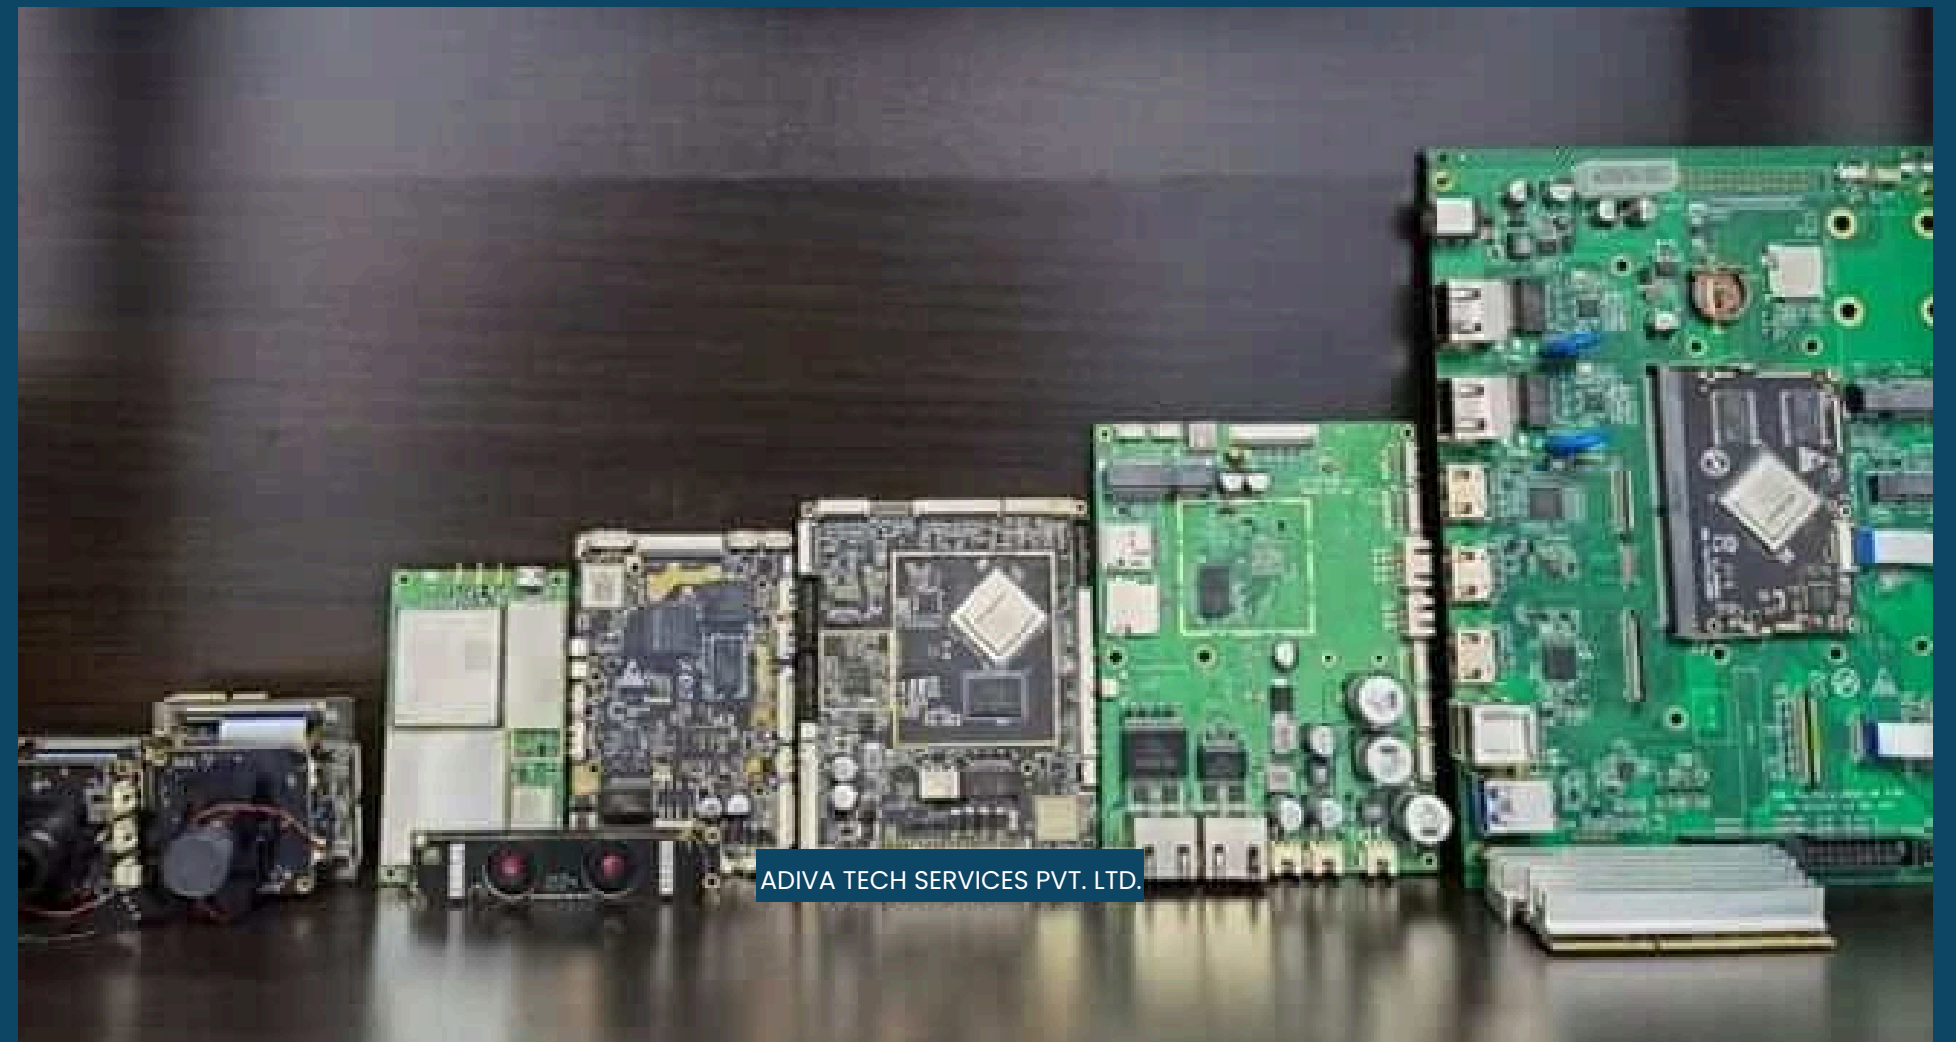

# PCB ASSEMBLY OVERVIEW

We use advanced SMT lines, high-precision AOI inspection, Dek Horizon solder paste printers, Hanwha placement machines, and SD 700S reflow ovens to ensure superior quality, high efficiency, durability, and precision in every PCB and component we manufacture.

***ADIVA – Precision-Engineered PCBs for Innovation, Reliability, and Excellence.***

ADIVA TECH SERVICES PVT. LTD.

# WHAT WE OFFER IN PCB LINE

---

- PCB Mounting and Assembly Services
- CCTV Camera Solutions
- PCBA Process
- Component Procurement
- Designing Services
- Systematic Capture
- Component Footprint Capture
- PCB Design
- PCB Layout
- PCB Reverse Engineering
- Bill of Material (BOM) Generation
- Prototype Development
- Design Capabilities: Single-Layer, Double-Layer, Multi-Layer PCB Designs
